

Recycling DO's:

DO recycle all empty bottles, cans, paper and cardboard

DO keep foods and liquids out of recycling

DO keep plastic bags out of recycling

Recycling DON'Ts:

DON'T bag your recyclables. Plastic bags and film get tangled in the machinery.

DON'T include food-soiled items. They can turn an entire load of recycling into trash.

DON'T add sharp or dangerous materials like needles and electronics. They can cause injury to our workers.

DON'T toss in "tangles" like rubber hoses and wires. They can shut down an entire recycling center!

DON'T include bulky items like propane tanks or construction debris.
